# THE MARION DOWNS CENTER'S LEGACY EVENT

Dear Friends of the Marion Downs Center,

We are proud to be recognized world-wide for our leadership, progressive innovation, and cutting-edge clinical services. As a nonprofit organization, our vision is to improve quality of life through compassionate, multidisciplinary, accessible services and education.

The Legacy Event is an annual event that allows us to celebrate the legacy of our namesake, Marion Downs who influenced countless numbers of professionals and consumers through her teaching, research, and clinical work. The Marion Downs Legacy Award honors influential leaders in the area of hearing and deafness that have contributed significantly to continuing this mission.

This year's honoree, Dr. Vickie Thomson, PhD, has dedicated her accomplished career to ensuring that Marion's vision of early identification and intervention of hearing loss is implemented and sustainable through infrastructure, research outcomes, and professional education. We are honored to celebrate Dr. Thomson's accomplishments in our first live, virtual event.

The MDC is community based and relies on generous support from organizations, foundations, donors, and community partners. Your sponsorship will go a long way in supporting families and individuals with hearing loss and communication challenges. We need you as a community partner to sustain and expand access to critically needed services.

With much gratitude,

Sandra Abbot Gabbard, Ph.D  
President/CEO
